

At Scott, we've been protecting firefighters for more than half a century. Beginning with company founder Earl Scott, the Scott name has stood for unquestioned quality when safety is critical. Firefighters around the world—and others across hundreds of industries—rely on Scott Safety's attention to detail, fail-safe measures, attentive service and innovation. The RIT-PAK III is another offering in our long, proud history of safety equipment.

RIT-PAK III

EMERGENCY AIR-SUPPLY SYSTEM

RIT-PAK III ORDERING INFORMATION

RIT-PAK III (Less Cylinder)							
Part Number	Pressure	RIT-Pak III Carrying Bag	Shoulder Strap	6' EBSS Hose	5' RIC Hose	RIT-Pak III Facepiece	EZ-Flo Regulator
200954-01	2216	X	X	X	X	X	X
200954-02	4500	X	X	X	X	X	X
200954-03	2216	X	X	X	X		
200954-04	4500	X	X	X	X		
200954-05	5500	X	X	X	X	X	X
200954-06	5500	X	X	X	X		

CYLINDERS	
Part Number	Description
804840-01	2.2, 30' Cylinder with Valve
804721-01	4.5, 30' Cylinder with Valve
804722-01	4.5, 45' Cylinder with Valve
804723-01	4.5, 60' Cylinder with Valve
200930-01	5.5, 30' Cylinder with Valve
200969-01	5.5, 45' Cylinder with Valve
200972-01	5.5, 60' Cylinder with Valve
200975-01	5.5, 75' Cylinder with Valve

REPLACEMENT PARTS	
Part Number	Description
200955-01	RIT-PAK III Replacement Bag Less Shoulder Strap
200989-01	Replacement Shoulder Strap
200959-01	RIT-PAK III Replacement Facepiece
200962-01	RIT-PAK III Replacement EZ-Flo Regulator
200991-01	RIT-PAK III Carrying Strap Assembly

RIT-PAK III

DESIGNED BY FIREFIGHTERS AND RIT INSTRUCTORS FOR THE FIRE SERVICE INDUSTRY

When the call for action sounds, the last concern on the minds of the emergency response team should be the equipment it needs to rescue downed first responders and other victims. Scott's RIT-PAK III is an exceptional, universal tool upon which rescue teams can confidently rely.

Scott's RIT-PAK III is the industry's first all-inclusive emergency air-supply system and works impeccably in mutual aid situations regardless of SCBA used by neighboring departments. Developed with input from RIT instructors and firefighters from across the country, Scott's RIT-PAK III is the most comprehensive RIT system on the market. Specifically designed for rapid intervention teams or emergency response teams, the RIT-PAK III is field designed and tested.

CARRYING DEVICE

- A protective skid plate reduces friction when the RIT-PAK III is dragged and makes it easier to identify the orientation of the bag in low visibility, stressful environments.
- Two convenient storage pouches allow for easy access to rescue tools and rescue rope.
- The hi-viz orange material and reflective stripes improve the visibility of the RIT-PAK III.
- An easy-to-remove and adjustable length shoulder/drag strap allows for convenient carrying and dragging.
- Identifiable handles enable the user to determine the low-pressure side from the high-pressure side of the bag.
- Optional strap assembly to allow for the RIT-Pak III to be carried in a manner similar to a duffel bag

PNEUMATICS

- An external pressure gauge provides pressure indicator lights to mimic those used on the heads-up display on the Air-Pak SCBA.
- A universal low-pressure hose can be equipped with quick-connect fittings that work with other manufacturers' SCBAs.
- An audible alarm at 25 percent of pressure complements the pressure indicator lights on the external pressure gauge.

FACEPIECE

- The facepiece, a modified AV-3000 with SureSeal, has a simple-to-use donning strap, making it quick and easy to strap onto a downed firefighter or victim.

FEATURES

LOW-PRESSURE MANIFOLD

FACEPIECE

CONSOLE

HIGH-PRESSURE SIDE INCLUDES:

- Cylinder Valve
- Pressure Reducer
- Audible Low-Pressure Alarm

LOW-PRESSURE SIDE INCLUDES:

- Facepiece
- Regulator
- Low-Pressure Manifold

BAG DIMENSIONS:

- Length: 33 in.
- Width: 10.5 in.
- Height: 8.5 in.
